"ED." CLARK COMPLIMENTED.
The Roanoke News, published in
Nelson, N. C., has the following to say
of a very popular Portsmouth boy:

"Sometime since we made mention of
the fact that the Seaboard Air Line had
equipped all of its engines with electric
head lights. But of all the engines on
the road No. 504, run by our friend, Mr.
E. B. Clark, takes the lead. The head
light on this engine is so arranged as
to give the best possible light. The lens
is not flat like on other engines,
but bulges in front, a bull's eye shape,
and it throws its powerful light for
two miles or more. Mr. Clark not only
has the best equipped engine on the
road, but he is one of the best and most
reliable engineers in the line and can
always be depended on to make up time
when for any cause his train is de-
layed."

We keep every shape of collars. Let
us sell you your collars. Chas. R. Wel-
ton & Co.

THE VIRGINIAN-PILOT IS

STREET, three doors east of the
Postoffice.

HUTCHENS OUT ON BAIL.

Judge W. N. Portlock Requires a Five
Thousand Dollar Bond.
Yesterday morning in the County
Court Judge W. N. Portlock heard the
application for bail for Mr. James C.
Hutchens, who was represented by
Capt. Happer and Bland. Capt. Mar-
shall was present in the interest of the
State.

Mr. Hutchens was, of course, present,
looking cheerful and calm, however,
and showed considerable interest in the
proceedings.

Capt. Happer addressed the Court,
setting forth the reasons for the appli-
cation.

Capt. Marshall said that he would
neither advocate nor oppose the mo-
tion for bail, but it was a matter for
the Court, in its sound discretion.

He cited the evidence given in at the
coroner's inquest, so that the Court
might have a thorough knowledge of
what was added there, all of which
was fully concurred in by counsel for
the prisoner.

Judge Portlock said the case was a
heavily one, and that he would bail Mr.
Hutchens in such a sum as he thought
would insure his presence there when
wanted. He said he would keep within
the meaning of the statutes and not
require excessive bail, but that the bail
must be commensurate with the gravity
of the offense.

Mr. Hutchens' counsel stated that
they would present any reasonable
amount, naming \$5,000.

The Court accepted that and Capt. S.
B. Hutchens, an uncle of prisoner, and
Mr. C. N. Moody, a brother-in-law, be-
came the bondsmen, and Mr. Hutchens
was given his liberty.

The county grand jury convenes on
the third Thursday in July next, when
this case will be heard by it.

HIS RIGHT LEG CRUSHED.

Dozier Cash, an Employee of the Sea-
board Air Line, Meets With
Misfortune.

Yesterday afternoon, a little after 3
o'clock, a Virginian-Pilot representa-
tive saw lying upon a mattress in the
old building on the southwest corner of
High and Chestnut streets, a colored
employee of the Seaboard Air Line,
named Dozier Cash, who is suffering
from the effects of a crushed leg. The
man told the story of the accident as
follows: "We were at Kilby's, I work
on the material train, with Captain
Jowers in charge, and the train was
moving slowly about five miles an
hour—picking up rails and other stuff
along our division. The engineer blowed
down brakes, and I went to put the
brake on one of the flat cars, when I
lost my hold, or the brake slipped. I
don't know which, and I felt myself
falling in between the cars. I threw
myself outward as best I could, but
could not get from under the wheels of
the cars, three or four of which passed
over my right leg just below the knee,
crushing it all to pieces, as you see, I
managed to crawl out of the position I
was in before all the cars passed over
my limb. I tell you, sir, I would not
have had it to happen for ten million
dollars."

Dr. A. A. Billisly had charge of the
man, and was making preparations to
amputate the lower part of the leg, it
being so badly mangled that it was im-
possible to save it. Amputation was
performed at a little later and the man
made as comfortable as possible in
more congenial quarters.

S. A. L. IMPROVEMENTS.

Enlarged Water Works—Plans for Five
Trails.

The Raleigh Morning Post of yester-
day says:

"Mr. W. T. Reid, superintendent of
 motive power of the Seaboard Air Line;
Mr. W. W. Gwathmey, Jr., chief en-
gineer, and Captain T. W. Whisnant,
division superintendent of the Seaboard,
spent the day in the city yesterday.

"Mr. Reid came here for the purpose
of making arrangements for enlarging
the water works plant at the Johnston
street depot. The Seaboard receives its
supply of water from the creek that
traverses Devereux's field. The present
supply of water is inadequate to meet
the demands of the road, so the conduit
will be moved further down the creek,
and a larger boiler put in for pumping
the water.

"Mr. Reid is one of the busiest of the
Seaboard's officials now. He is drawing
designs for five of the handsome
trains that it is possible to make for
use when the Florida connections are
completed. Since Mr. Reid's occupation
with the Seaboard the motive power of
the road has been equal to the best.

"Raleigh hopes to claim Mr. Reid as
one of her citizens at no distant date.
If the general shops are located here,
Mr. Reid would very naturally make
his headquarters here."

MISS HATTIE WIENSDORF DEAD.

Yesterday afternoon at 4:40 o'clock
Miss Hattie, second daughter of Chief
Engineer and Mrs. Frederick Wiens-
dorf, departed this life, in the 25th year
of her age, after a short illness, at the
residence, No. 508 Court street. Mr.
and Mrs. Wiensdorf have the sympathy
of the many friends of the deceased, who
was a most lovable young lady, and
were bowed down with grief at the early dis-
solution of one who bid fair to enjoy
this life for many years to come.

The funeral will take place Sunday.

A VERY SUDDEN DEATH.

Yesterday morning a colored man
named White, employed in the Depart-
ment of Construction and Repairs of
the navy yard as a laborer, fell dead
while at work.

The City Coroner was notified, but
did not deem an inquest necessary, as
the man unquestionably died from natu-
ral causes. White lived on Pearl
street, to which place his body was con-
veyed.
